A Family Legacy

Nova Trade Frames is more than just a business - it's a family legacy rooted in over 40 years of industry experience. Founded by a father, operating by sons and now the 3rd generation, we bring a unique blend of expertise and dedication to every aspect of our operations.

Our Vision

From the very beginning, Nova Trade Frames has been guided by a vision of integrity and customer-centricity. Our commitment to treating our customers with honesty and respect has been the cornerstone of our success and growth over the years.

Transparency and Clarity

At Nova Trade Frames, we believe in transparency at every step of the process. From initial communication to product delivery, we strive to provide complete clarity to our retail installers and trade outlets, ensuring smooth and efficient transactions.

Quality and Value

Our focus on quality craftsmanship is evident in every product we offer. From uPVC windows to doors, each item is meticulously crafted to meet our high standards of excellence. Despite our commitment to quality, we also ensure that our products are competitively priced, providing value for our customers.

Attention to Detail

We understand the importance of customer satisfaction, which is why we pay attention to even the smallest details. From inspecting and cleaning our products to carefully packaging them for delivery, we go above and beyond to ensure that our customers receive their orders in pristine condition.

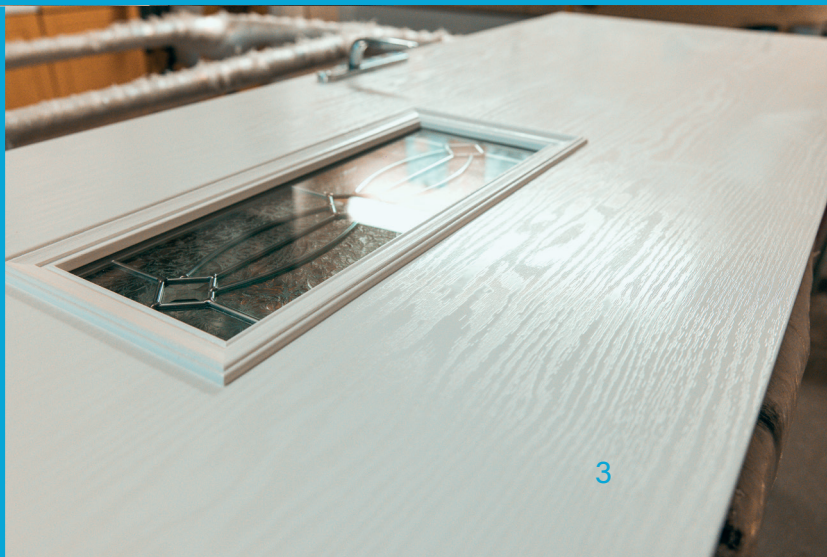

Continuous Improvement

In an ever-evolving industry, staying ahead of the curve is essential. That's why Nova Trade Frames is committed to continuous improvement and innovation. By remaining at the forefront of industry trends and technologies, we strive to consistently deliver the best possible products and services to our customers.

Innovation like never before with REHAU Windows & Doors

The REHAU Difference

At REHAU, they're not just a company - they are pioneers of progress, dedicated to enriching lives across the UK. As the world's leading provider of polymer solutions and beyond, they redefine possibilities every day.

Unveiling Excellence

Step into a world of style and efficiency with REHAU's range of energy-efficient window and door systems. With a sleek high-gloss finish, slim sightlines, and unparalleled thermal and acoustic performance, these windows and doors are designed to elevate homes.

The Promise of Efficiency

All REHAU window and door systems are engineered to achieve a WER A rating - the highest energy efficiency rating possible.

Low Maintenance, Lasting Beauty

These windows and doors feature a unique compound that guarantees a smooth, high-gloss finish, ensuring they retain their pristine appearance for years to come. Say goodbye to tedious maintenance and hello to effortless elegance.

Why Choose a REHAU System?

- ✓ **Acoustic Excellence:** Enjoy peace with REHAU windows, reducing noise levels for comfort.
- ✓ **Quality and Performance:** REHAU windows exceed BS7412 standards for security and weather resistance.
- ✓ **A Sustainable Choice:** Windows and doors that use recycled materials, making them eco-friendly.
- ✓ **Weatherproof Assurance:** Independently tested for durability, REHAU windows offer top BSI ratings.

REHAU Window Range:

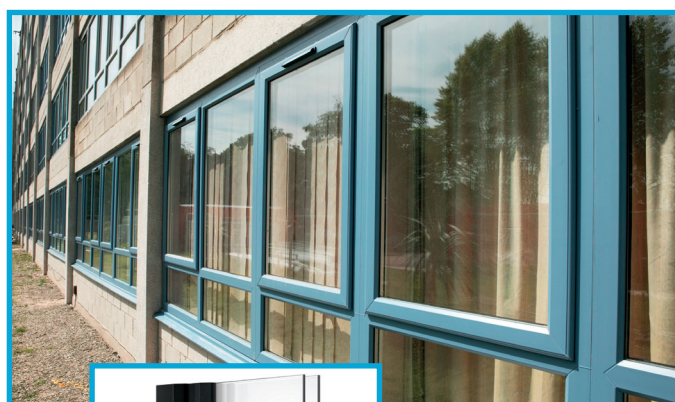

Casement Windows - Designed to aesthetically complement both chamfered and sculptured options to create beautiful contemporary frames.

Vertical Sliding Windows (Heritage) - The REHAU Heritage window system is designed to incorporate all the desirable traditional features of a timber sash window, with all the additional benefits and conveniences of modern PVCu.

Tilt & Turn - This stylish PVCu window can be tilted inwards from the top for normal ventilation or can be fully opened from the side for full ventilation and ease of maintenance.

Flush Fit Casement (Rio) Windows - These offer competitive advantages to all fabricators and installers, Rio flush fit provides a solution that challenges traditional options. With TOTAL70 compatibility, tool investment and additional stock holding is kept to a minimum, and can be seamlessly introduced into production.

REHAU Door Range:

French Doors - REHAU French doors are a charming addition to the door range. Designed to open into a room, patio or balcony, they add great ventilation and allow unrestricted access to the garden and home.

Residential Doors - Offering a range of stylish options, our doors systems are built to last, and combine sturdy construction with a superb finish.

Experience excellence with Kömmerling Windows & Doors - where innovation meets performance.

The Kömmerling Advantage

When you opt for Kömmerling, you're not just investing in windows or doors; you're embracing the pinnacle of technological advancement in the UK market. While PVCu windows and doors may appear similar at first glance, it's what lies within the frames that truly sets Kömmerling apart. Kömmerling is the only profile manufacturer that uses up to 100% of new UPVC for a flawless product with no reground plastic used.

Unveiling the Unseen

Beyond aesthetics, Kömmerling windows and doors boast a host of hidden features that redefine performance and energy efficiency. Unlike traditional PVCu of the past, the Kömmerling range has revolutionised the industry by introducing sleek, modern designs coupled with cutting-edge technology.

A Legacy of Innovation

Crafted from scratch, combining decades of industry expertise with state-of-the-art materials, Kömmerling stands as a testament to innovation and excellence.

Sleek Design, Unparalleled Efficiency

Say goodbye to bulky frames and limited choices. Kömmerling frames are not only visually stunning but also offer a wide array of styles, colours, and finishes to suit every preference. But it's not just about looks - Kömmerling frames are meticulously engineered to be the most energy-efficient option available, saving you both energy and money over their lifespan.

Why Choose a Kömmerling System?

- ✓ **Safe & Secure** - Multi-point locking system as standard and independently tested to the requirements on PAS24
- ✓ **Energy Efficient** - Achieving A++ energy rating, trapping heat inside the home
- ✓ **Eco-Friendly** - Made using lead-free recyclable PVCu - The sustainable source
- ✓ **Low Maintenance** - No rust or painting required, clean using soapy water
- ✓ **Colour Options** - Available in a wide range of colours. See page 14 for colours

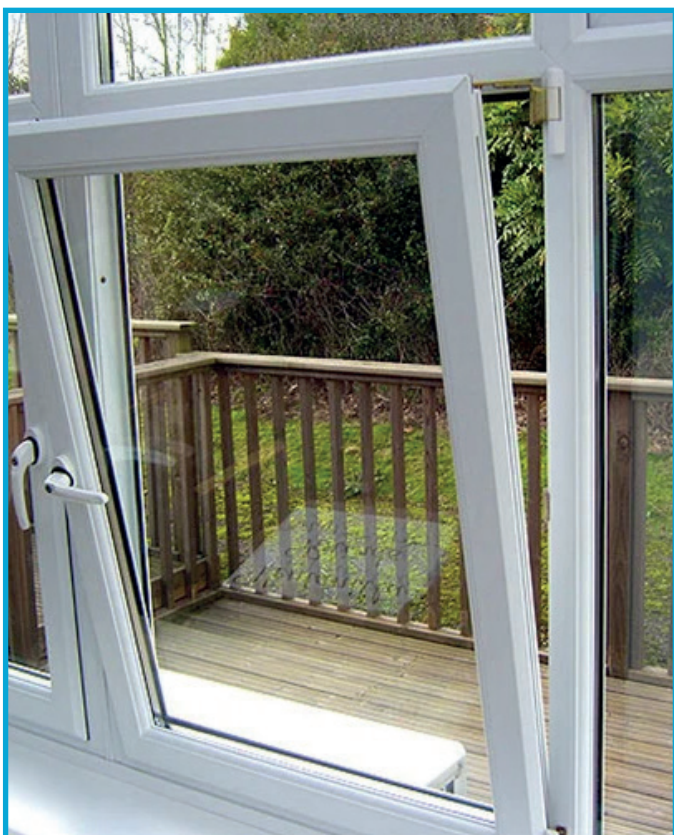

Kömmerling Window Range:

Casement Windows - The most popular choice, casement windows may include top or side opening sashes, arched tops, mock sash horns or astragal bars.

Tilt & Turn - Perfect as a fire escape, the 'open in' style offers great options for cleaning from within as well as maximising ventilation.

Kömmerling Door Range:

Residential Entrance Doors - Kömmerling's PVCu residential doors are available as opening in or opening out, designed to match perfectly with the window range.

Composite Doors

Discover the perfect blend of style, durability, and value with Nova Trade Frames' composite doors.

- ✓ **Unmatched Variety** - Choose from various styles and colours to suit your preferences and complement any home.
- ✓ **Exceptional Service** - Experience unbeatable customer service and dedicated after-care support from our team. Your satisfaction is our priority, and we're here to assist you every step of the way.
- ✓ **Competitive Pricing** - Enjoy competitive prices without compromising on quality. Our commitment to affordability ensures that you get the best value.
- ✓ **Peace of Mind** - Rest assured knowing that all our composite doors come with a warranty, providing you with added peace of mind and protection.

Doors from £650 + vat

Alumina Bi-Fold Doors by Nova
